C., on the first day of January, 1887, and that the interest on said bonds will cease on that day. The bonds to be called are as follows: Three per cent. bonds issued under the act of Congress approved July 13, 1882, and numbered as follows: \$20-Original No. 47 to original No. 48, both inclusive. \$100-Original No. 388 to original No. 400, both inclusive, and original No. 9,940 to original No. 9,960, both inclusive. \$500-Original No. 5,017 to original No. 5,175, both inclusive, and original No. 25,771 to original No. 25,810, both inclusive. \$1,000-Original No. 5,810 to original No. 5,850, both inclusive. TRUE CAUSE APPARENT.

For Revoking the Permit to Manager.

The report of the commission appointed to examine the building was handed to the committee on the 28th inst. but Col. Lindroff refused to give it to the press. He stated that two of the commission were in favor of the building being used for theatrical purposes, while the third member of the commission favored it under certain conditions. "Col. Lindroff," said the report to Building Inspector Edw. with explicit instructions that he make out a statement of his views on the subject, and report them to-day. The commission held a meeting in the afternoon, and subsequently Manager Straubinger was notified in the morning that he had obtained the consent of the property owners.

Mr. Straubinger, in speaking about the matter, said that he thought by a unanimous proceeding the commission could be compelled to issue to him the required permit. At any rate, he thought that the matter looked now to him as if the commission were considering the objection of the property owners in the neighborhood, and not their extreme solicitude for the safety of the audience, as they had at first claimed.

"Keep a reliable friend always on hand," said Dr. Bull's Cough Syrup has always proven itself to be.

Defect in Police Regulations. EDITOR NATIONAL REPUBLICAN: I wish to call attention to a grievous defect in our local police regulations which needs immediate correction.

I refer to the matter of permitting horses to stand in our crowded thoroughfares unsecured by hitching post or weight. Runaways are of frequent occurrence, and the cause is the reason. In New York there are 100 persons who are licensed to keep horses in the city.

Many of the horses originally included in the above numbers have been transferred or exchanged into other denominations on the "roll," the owners of the horses being required to have the same transferred or exchanged on or before Sept. 15, 1886, and leaving outstanding the apparent amounts above stated.

SUNDAY SCHOOL FESTIVAL. An Enjoyable Entertainment Given by the Scholars.

The Christmas entertainment at McKendree M. E. Church last night consisted of choruses by the school, a duet by Misses Nellie Hodgkin and Katie Lewis, pianist; recitations by Miss Jennie White and Jesse Lemon, after which came the main performance, in which the following persons, all in appropriate costumes, took part: McKendree, drummer; Sarah George, Jennie McKie, and Addie Bolway, hermits; Wm. O. Bell, king; Arthur Lemon, cup; Florio, chamberlain; Charles C. Clark, waiter; William Walker, and Ernest Ciesel, chamberlains, and Samuel Meeks and Eddie Brian, chamberlains.

The king, heralded by the three little girls, came in and ascended a tastefully arranged throne and began to dispense his presents in the shape of articles of clothing to his subjects, urging them to fog their children, and not to obey, that they have peace in every household.

After the king, the queen, who was attended by Cupid, came in and dispensed her presents, which were articles of clothing, and the chamberlain came in, followed by the two Egyptian bearing a heavy burden, which they deposited before the throne.

At the royal command the chamberlain opened the packages of good things and dispensed them to the children, who were very much pleased. The queen then came in, followed by the two Egyptian bearing a heavy burden, which they deposited before the throne.

THE MARKETS.

More Activity in Stocks—Prices Ranged Higher.

New York, Dec. 28.—The stock market displayed more activity to-day, notwithstanding the fact that the interruption of telegraphic communication prevented the business which would have been done for foreign account. Prices continued a higher range, being generally firm to strong throughout the entire day, the lowest figures being recorded at the opening and the highest in the last few minutes of business. The advance was started by the cotton market, which advanced 1/8 cent, and subsequently London selling. The movement was accelerated later by the news of the adjustment of the tariff between the United States and Great Britain, which was reported by the London press, and the three leading stocks under that head advanced over one-half of the entire business day, being remarkably strong and active throughout the entire afternoon.

Money on call has been easy, ranging from 3 to 6 per cent, and closing at 4 per cent. The market for gold was quiet, but strong at the best prices of the day. The total day's business was 2,500,000 shares. The entire active list is higher than last week.

Following is the range of prices in the Chicago market, furnished by H. K. Plann & Co., 601 Madison street, corner of La Salle street, Chicago:
